DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group 1, claims 1-5 and 13, drawn to a human protein hAMSH, a human gene encoding the human protein hAMSH, and a recombinant vector containing the hAMSH DNA.

Group 2, claim 6, drawn to an antibody against the human protein hAMSH.

Group 3, claims 7-11 and 14, drawn to a mouse protein mAMSH, a mouse gene encoding the mouse protein mAMSH, and a recombinant vector containing the mAMSH DNA.

Group 4, claim 12, drawn to an antibody against the mouse protein mAMSH.

The inventions listed as Groups 1-4 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The special technical feature of Group I which defines an advance over the art is the human protein hAMSH. This special technical feature is not shared by the products of Groups 2-4. The antibody against the human protein hAMSH is not required for the products of Groups 1,

Art Unit: 1647

3, and 4. The mouse protein mAMSH is not required for the products of Groups 1, 2 and 4. The antibody against the mouse protein mAMSH is not required for the products of Groups 1-3.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement may be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
